

Outdoor Bark Control

It's a hit!

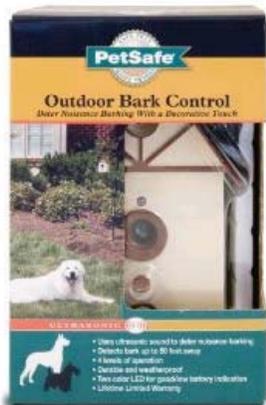

PetSafe's Outdoor Bark Control deters barking... attracts customers!

PetSafe's Outdoor Bark Control
PBC00-11216

Since its introduction 18 months ago, PetSafe's Outdoor Bark Control solution has become a favorite of consumers, and pet supply dealers. It detects barking up to 50 feet away, and corrects with an ultrasonic tone inaudible to humans. Durable and weatherproof, uses a 9v battery. Disguised to fit into any landscape.

OMG, It's a Miracle!!!

Jack's Mom, Lincoln, CA

We have a one year old Yorkie Poo who is a bark machine. Finally yesterday I got fed up with the barking, and bought this product. Now my husband and I can actually sit and enjoy a TV show without having to shush the dog every few minutes. I wish I'd done this months ago!

It works!

Coco531 from CA

"I almost never do reviews, but had to on this one. I have a Pom and a Border Collie/Terrier mix that LOVE to bark at anything - the neighbors, birds, cats, cars, etc. I put the batteries in, put it on the lowest setting and like magic after a few barks...no more barking!"

New device in the barking stopper market

5.0 out of 5 stars, February 17, 2008
Lilian Brooks

It worked wonderfully - I hang it in my yard and set the sensitivity at the middle, considering my puppy is deaf. That day she barked twice and stopped immediately. Since then, her incessant barking has been reduced to occasional singular announcements that my neighbor could tolerate.

This is a Miracle!!

Literally minutes after putting this birdhouse in the backyard.....silence! I'm still amazed at how well this product works and recommend it to absolutely everyone with a barking problem.

Another great idea from PetSafe

We talked to a local pet trainer who suggested we try this product. Cheers & Hugs all around! This thing worked instantly. No shocking, no confusion and we still get to keep our dog. It works in all kinds of weather and even helps to quiet our neighbors' dog. What a nice bonus that is. Thank you PetSafe for another great idea.

I Love This Product

SandiG from Jacksonville, FL

"Even on low, it works for us. The first little high whine got his attention. I think his barking got him more excited and anxious. I'm going to recommend it to our neighbors with barking dogs! We can all live in

peace and quiet."

It's a winner!

Countrylibrarian, Newport Beach, CA
We have two very large, very loud standard poodles. We hung this near the dog door, not far from the gate where most of the barking happened. One dog has stopped completely. The other barks once or twice and then stops. It's a winner!

Best \$\$\$ I ever spent!

Two large neighbor dogs go insane any time we move in our own yard. After asking politely for help from the dog owners, we took matters in our own hands. We hung the "bird house" from a tree near the fence where the offending pooches perform their annoying chorus. Well worth it; works like magic.

Love the Peacefulness!!

After purchasing the Outdoor Bark Control, its one bark and that's it! Love the Birdhouse. Will be lending it to one my neighbors use it for the annoying pack of dogs that live near them."

Awesome Product

"This works unbelievably well!! We hung this on the fence and all of the dogs stopped barking immediately and backed away from the fence. We haven't heard a bark out of them yet. The birdhouse definitely works!"

Well worth every penny!

"All I can say is WOW! What a difference! It had the desired effect INSTANTLY! We should have gotten this ages ago. I HIGHLY recommend this product."

AWESOME!!
