"We've had a Plexidor (dog door) for eight years and I'm amazed at how well it has withstood the pounding of three extremely active Australian Cattle Dogs. These dogs charge through the (Plexidor dog) door at a dead run, but somehow it has survived, which is more than I can say for most things they come near. Love the door and highly recommend it. "

*Mike Cogswell, Virginia*

"I think the Plexidor (dog door) is terrific. I went through 4 flap style dog doors I bought at the farm and feed store before I decided to spend the money and buy a Plexidor (dog door). At the time I wasn't sure it would be worth the money. I am a believer now. That was 8 years ago and my size Large Plexidor is still going strong despite the rough use my dogs give it daily. I just wish I had bought the Plexidor (dog door) sooner!"

*A. Flowers, Ohio*

\*\*\*

"At the moment we have 8 dogs - (we have had as many as 12 here at one time). We installed the Plexidor (dog door) unit in 2001 and it is still going strong! Our dogs are indoor-outdoor, as they please, so you can imagine how many times 8 dogs have gone through the door in 8 years. Wow! A fabulous product. And that actually seems an understatement... Thank you!.."

*P. Cahill and T. Brotherton*

\*\*\*

"This new Plexidor (dog) door is terrific! The rear of my house is no longer cold due to drafts and it's easier for my pets to use. Also, it looks much, much nicer. This door is worth every penny... Thank you.'

*J. Drust*

\*\*\*

"(The Plexidor Dog Door) is one of the most valuable things I've ever purchased, for both me and my dogs. Not only is it convenient for the dogs, but I don't have to worry anymore when I drive into town. ...The door from Pet Doors U.S.A. ended that whole problem! And the dogs love it! I've had seven large dogs since I've had the door in, and each new adult dog has learned how to use the door in less than a day.. That (Plexidor dog) door is worth every penny! I wish I'd had one years ago. Thanks!

*J. Lance, New York*

\*\*\*

"I purchased an extra large (Plexidor) dog door from you and just wanted to let you know how incredible it is! I have a 135 pound Rottweiler and a 100 pound American Bulldog that are trying their best to break the acrylic doors, I think the houses will come down before the dog door. Not to mention how air tight it (the Plexidor Dog Door) is. I live in Colorado and did not notice any increase in heating/cooling bills since adding the door. I could not be happier with the product and (I) have recommended it to everyone I know. My dogs thank you from the bottom of their hearts for giving them such an awesome (Plexidor Dog) door.

*B. Autry, Colorado*

\*\*\*

"I purchased a Plexidor (pet door) from you for my English Bulldog & (and) it is wonderful! He loves it & so do I. It was so easy to install & it operates very quietly. We have been using it for almost a year now & since this is our first winter season with the door. I am amazed at how air tight this (Plexidor dog) door is. There are no problems with drafts around it. I highly recommend this (Plexidor dog) door to all my friends with pets. I just wanted to let you know how pleased I am with this product. Thank you so much!

"I have had two of your dog doors (Plexidor for several years now... My (Plexidor dog) doors get lots of use! I have two Standard Poodles (one is 55 lbs and the other 65 lbs) and they like to race each other to see who gets through the door first. They do this day in and day out...many, many times a day. They will slam into each other to win, so you can imagine the beating those doors take. I was sure by now the flaps would have gotten knocked right off, because they used to break the flaps off of other brands. But the Plexidor (dog door) is good as new, 4 years later!... Thanks for such a wonderful product that has so many benefits I never imagined it would have other than the obvious!"  
*N. Bashshur*

\*\*\*

"This (the Plexidor pet door) IS the best pet door; moreover, it keeps out the winter wind and cold here on the northern plains. Wind up here often blows a steady 30-40 mph, the door stays shut and the room warm. We were happy with the security features (of the Plexidor pet door) in the St. Louis area when we were out town. Now we appreciate the way the (Plexidor dog) door keeps out the cold, wind, rain, etc...Customer service people are very nice and helpful. Thank you for your great product, people and company."  
*S. Owen, North Dakota*

\*\*\*

"..This (Plexidor dog) door has been used continually by two large and energetic dogs (often at top speed, fighting to get through at the same time) and a cat... This has been the best money we've ever spent. Thank you for an outstanding product."  
*A. Taylor, Washington*

\*\*\*

*L. Mills*

"I just want to let you know we purchased one of your awesome (Plexidor dog) doors last year and my husband installed it by himself in one day. It was the best thing we could have ever done. Our dogs no longer have to be locked in the garage, and we don't have to leave our garage door open so they can come and go. They are so happy now they can go in and out of the garage whenever they want. It only took them a few tries to figure it out. The (Plexidor dog) door is excellent quality. The dogs love it and so do we. Thank you so much for your wonderful product. You make it so easy to purchase and install!"

"I cannot tell you how much I love this (Plexidor pet) door. It is summer time right now, and because my house was built to be energy efficient, although it is 95 degrees outside, I can keep the air on at 80 degrees constantly and inside it feels like 76 degrees in this house... The seal on the (Plexidor pet) door is fantastic! Also, the large size is larger than the average "large" dog doors I have seen... There was (also) no more 'Slam-Bang!' as the dogs come in and out. And so, as this is the first testimonial I have EVER written for a product I have bought, I had to write it because it was SO WELL DESERVED!.. Thank you so much for the making of a superior quality pet door with such extreme attention to detail and customer service. The way the (Plexidor pet) door is made, the packing and the few people I have talked to on your customer service line, exemplifies to me that there is a great deal of pride in what you do and how you do it. And that is where the quality really shows. Thanks again!"

"Just wanted to write you a note to tell you how happy my dogs Toby and Tara and I have been with our Plexidor (pet door)...I feel that having the ability to "go" was a big contributor to their overall health. After all, how many of us could wait 10 or 12 hours a day without a bathroom? Our Plexidor (pet door) also allowed me to leave Toby and Tara comfortably in their own home whenever I had to leave town, having relative or neighbor stop by to feed, water, and play with them. The door has paid for itself many times over, saving me from kennel fees, vet costs (no exposure to other kenneled, sick dogs) damage to my house from pet stains, not to mention, the convenience of not having to rush home to let them out or play doorman to 2 dogs in the middle of the night! We haven't had a single "accident" since they were paper trained! Even friend's dogs have learned to use the door when visiting, after following Toby and Tara's example. "

*L. Tobin*

"I don't know how anyone with dogs could possibly live without one (a Plexidor pet door), it has been a life saver for me. I was in Alaska visiting my sister and I saw how nice it was not to get up all the time and let the dogs in, so the minute I got home I immediately sent for one. It was so nice I have since gotten two more dogs. Thank you so much."

"We recently purchased a Plexidor Pet Door from you for our 7 month terrier "MacDuff". We love this

(Plexidor pet) door and so does MacDuff. The (Plexidor pet) door has given MacDuff the freedom to come and go as he pleases...It took on day for MacDuff to learn how to use the door. We are really impressed with how well the door seals itself. There is absolutely no draft...This is truly an exceptional product and the best investment we have made for MacDuff."

"We recently ordered 4 large (Plexidor) dog doors from your business. We have two Belgian Tervurens, one Doberman, and one Sheltie that have kennel runs... We installed the (Plexidor pet) doors on a Sunday and waited.....we kept going out to see if they were attached! Blaze (our male Tervuren) passed the 24 hour test and he still had a dog door, we had real hope....then he went for 2 days and so on. I am VERY HAPPY to report he has not even touched the door except to run in and out! We could not be happier. We have shown all our doggy friends the new (Plexidor pet) doors and everyone loves them. They look very neat and a damp cloth keeps them sparkling. I normally don't write businesses but I had to write and let you know how pleased we are with your dog doors. If we ever move we will order our doors from your business for the new kennels. Again, thank you!"

*B. Hayes and T. Upton, Timberlake Tervuren Kennels, Virginia*
